Attachment 10

Inspector General's Recommendation Number 5, page 55

Recommended DCI Action: Disapprove

Inspector General's Statement

Recommended that:

The courses on International Communism be given wider publicity and offered to the personnel of other agencies.

DD/P Comment

Non Concur. One of these courses is purely operational in substance and is designed for the Clandestine Service. Many Clandestine Service employees also take the other courses offered by this school but their continued attendance would be seriously affected by the presence of non-CIA personnel.

*Adjust so as not to affect
adversely going Agency Courses*
